A wide-angle photograph of a forest nursery field. The foreground and middle ground are filled with numerous rows of young, green saplings planted in neat, parallel lines. The soil between the rows is dark brown. In the background, there is a dense line of trees and a utility pole with power lines. Further back, rolling hills or mountains are visible under a bright, slightly overcast sky. A semi-transparent dark green banner is overlaid at the bottom of the image, containing white text.
